## Tata Power-DDL Hosts Rooftop Solar Awareness Camps

Tata Power-DDL rolled out a series of PM-Surya Ghar: Muft Bijli Yojana (PMSGY) awareness and registration camps.

These camps serve as a one-stop solution for residents - bringing together Tata Power-DDL experts, empaneled vendors, and bank officials to guide customers.

### Highlight of Camps:

- On-the-spot registration
- Real-time assistance and query resolution

The initiative had witnessed enthusiastic participation & support from MLAs, RWAs, and community leaders, highlighting a united commitment toward a sustainable and greener Delhi. Participants appreciated Tata Power-DDL's efforts for simplifying the entire registration process

The PMSGY offers attractive subsidies on rooftop solar panels, enabling customers to substantially reduce their electricity expenses while contributing to environmental conservation and clean energy adoption.

## Spreading Care and Compassion: Health Camp at Old Age Home

Marking the 121st Birth Anniversary of Bharat Ratna Late Shri J.R.D. Tata, Tata Power-DDL organized a Health Camp at Mata Rambeti Vridh Ashram, Bhalswa Crossing, Delhi.

The camp aimed to serve the elderly residents of the Ashram with warmth and care. In collaboration with M/s Eduquest NGO, the camp provided on-site medical check-ups, diagnostic tests, free medicines, and counseling to senior citizens.

Volunteers and community members from Rohini, Pitampura, and nearby localities joined hands, reflecting the power of unity and compassion in creating meaningful social impact.

## Blood Donation Camp

Tata Power-DDL in association with Lions Blood Centre, organized Blood donation Camp in Rohini. The camp witnessed registration of 90 volunteers wherein 74 units of blood were collected from Donors. All life savers received a certificate of recognition and a token of appreciation. The initiative not only honoured the legacy of J.R.D. Tata but also reinforced our commitment towards social responsibility.

### Kite Flying Safety Instructions –

- Don't fly kites near electrical installations and overhead power lines.
- Don't use metal coated string (Manjha) as it can lead to tripping or electrocution.
- Don't do any construction work under or near live electric wires.
- The electrical sub-station built near your house provides you electricity, don't enter it unauthorizedly.
- Don't tie pets to electric poles or power house fencing.
- Don't dry clothes on electric wires.
- Before starting any kind of excavation work, get complete information about underground electrical cables from the nearest Tata Power-DDL office.

## Monsoon Safety Tips

- Stay away from electrical installations like poles, transformers, and substations during rains or bad weather.
- If you see any fallen or dangling power lines, report it immediately to **Tata Power-DDL's helpline 19124**.
- Caution children against playing near electricity installations, even if they are fenced or barricaded.
- Regularly inspect electrical appliances for leakage current; consult a qualified electrician if any leakage is detected.
- Ensure your meter boxes are adequately protected from rainwater.
- Install Earth Leakage Circuit Breakers (ELCB) to help prevent electric shocks.
- Never touch electrical appliances with wet hands.
- Do not leave open electrical sockets or exposed wires unattended.
- If there is sparking in meter rooms or on street light poles, immediately call **Tata Power-DDL's helpline No. 19124** for support.
- Use circuit breakers and surge protectors to safeguard your home from electrical faults.
- Always keep a 'Tester' at home. If a switch is wet, don't touch it directly—first check with the Tester for current. If leakage is found, call your electrician.
