Plantation Drive: Aiming towards a Greener Planet

Trees play an important role in reducing air pollution and to maintain good quality air level in the environment. Trees are also useful in reducing the erosion of soil which may lead to high flood situation. So, every individual shall try to plant as many trees as possible because day by day pollution level in an environment is becoming worse. Hence to overcome this situation tree plantation is the only solution we have.

The Social Impact Group (SIG) would like to invite all employees to organise and take part in tree plantation campaigns not just within Tata Power-DDL distribution area but across Delhi as well.

For these plantation drives Social Impact Group will provide small plant saplings. To organise plantation activity and for additional support, you are requested to send the requirement to **Mr. Shailendra Verma** (shailendra.verma@tatapower-ddl.com; 9971719091) or **Mr. Shrikant Sharma** (shrikant.sharma@tatapower-ddl.com; 9818800168).

Kindly share the post-activity information as well along with pictures.

You may please register your request in the Google Form at the link below:
